ABHINAVA SRI CHAMANCHULA
FULL STACK DEVELOPER
LinkedIn | GitHub | Email | Phone | Portfolio

Summary

A Passionate Full Stack Developer with hands-on experience through internships and real-time projects. Skilled in creating dynamic, responsive web applications using React.js, Node.js, Express.js, and MongoDB. Eager to leverage my expertise in frontend, backend, and Java technologies to build innovative, scalable solutions and contribute to high-impact projects in collaborative environments.

Education

University College Of Engineering, Kakatiya University   Dec 2021 - Apr 2025

Bachelor of Technology in Computer Science and Engineering   **CGPA: 7.8**

Relevant Course Work:

- Java, Python, HTML, CSS, Java Script, Data Structures, Data Base.

Technical Skills

- **Web Development:** HTML, CSS, JavaScript, TypeScript, React.js, Node.js, Express.js.
- **Programming Languages:** Core Java and SQL.
- **Database:** MySQL, MongoDB.
- **Version Control:** GitHub, Git.
- **Software and Tools:** VS Code, Figma, WordPress, Canvas, Microsoft Power apps, Airtable, Draw.io and AI Tools.

Projects

Organic Medico- Web Development | GitHub   Jan 2024 - Apr 2024

- I developed a Demo website focused on holistic wellness. Promoted natural healing, education, sustainability, and a holistic approach to health. Working on Frontend and Backend Technology for implementation part.

Student Course Management System - Python, MySQL | GitHub   June 2024 - Dec 2024

- Built a Student Management System using Django, MySQL, and HTML/CSS to manage student registrations, courses, and enrollments. Added search, forms, and an admin panel to make academic tasks easier and faster.

Internships

Inventive Bay Technologies Pvt Ltd - MERN Stack Developer Intern   Mar 2024 - Aug 2025

- I gained hands-on experience with full stack development, including HTML, CSS, JavaScript, TypeScript, React.js, Node.js, Next.js, Express, and MongoDB. Working on real time applications.
- Acquired proficiency in design tools such as Figma.
- Building scalable web applications and implementing responsive designs using React and MUI.
- Designing schemas, routes, middleware, controllers for APIs, and testing with Postman and MongoDB.

Zen Technologies Pvt Ltd - AI Tool Intern | Chatbot | Demo Site   May 2023 - June 2023

- I have completed a 45-day summer internship at Zen Technologies Pvt Ltd Hyderabad.
- Actively participated in the development of applications, including automation of Zen Interview, a Chatbot, and an inventory management app using Microsoft Power Apps. Contributed to the Virtual Website Framework using Canvas.

Thop Verse - Servant Leader   Jan 2022 - May 2024

- Rebranding Initiative: Led the rebranding of "Thop Ecell" to "Thop Verse," overseeing website redesign, domain migration, hosting management, and data integrity.
- Event Organizer Thop Matrimony: Planned and hosted an educational event focused on marriage life and decision-making.
- Workshop Coordinator Nera Conference (March 2023): Managed a 3-day workshop for 50 participants, fostering idea exchange and development.

Training

Codegnan IT Solutions- Java Full Stack Trainee   July 2025 - Present

- Undergoing Java Full Stack Development training at Codegnan IT Solutions, covering Core Java, OOP, exception handling, and SQL for backend data management.
- Building a strong foundation in Java programming and relational database concepts to develop efficient and scalable applications.

Extra Curricular

UCEKU - Placement Co-ordinator   Jan 2025 - Apr 2025

- Coordinated with the TPO and students for smooth recruitment communication. Ensured accurate and timely dissemination of placement updates.
